OR, RATHER, ESCAPE

I GUESS, IT'S TIME TO LOGOUT...

THAT'S ENOUGH HARVESTING FOR TODAY, I GUESS

ALSO CUT SOME TREES

I MINED SOME "EXPLODING ORE", "STEEL" AND A LITTLE "SILVER"

UHUM ....

THE NEXT DAY

PHEW...

BECAUSE AN INCREA -SING NUMBER OF ARCHERS

REQUIRE IT AS RAW MATERIALS

THOUGH ONE OF THE MINES IS EXHAUSTED

AND THE, ABUNDANT AT FIRST, WOOD HAS BEGUN DEPLETING RECENTLY

IT'S HIGH TIME THE ADMINS ADDED NEW HARVESTING LOCATIONS

RIGHT, LET'S GET BACK TO THE TOWN

THE NEW HARVES -TING METHODS ARE NEEDED

RESOUR -CES HAVE BEEN HARSLY DEPLETED

AND MAGICIANS' STAFF'RE ALSO MADE OF WOOD...

I'VE BEEN OVERUSING IT LATELY, SO THE MAINTEN -ANCE WAS OVERDUE

BUT IT'S LOOKING MORE GRIM THAN I'D EXPECTED

SO, I REALIZED I LACK WOOD...

AFTER COMING TO THE "FIRST", I WENT TO THE CARPENTRY WORKSHOP AND STARTED REPAIRING MY FAVOURITE "COMPOSITE X-SHAPED HUNTING BOW"

FROM THE LITTLE SCRAPS OF WOOD LEFT, I MADE ARROWS

AND THEN I'D NEED TO MAKE ARROW-HEADS IN THE SMITHY

I ESPECIALLY NEEDED TO REPLENISH THE ONES WITH THE BEST PENETRATION FORCE, "TWISTER ARROWS"

THEN, I MADE SOME BOTTLES OF "STRENGTH -ENING OIL" AND "RARE POTION" IN THE CHEMISTRY LAB

IN ABOUT 15 MINUTES I GOT 100 "OILS" AND 15 "POTIONS" READY

BY THE WAY, MAKING "STRENGTH -ENING OIL" DRAINS MP PRETTY QUICKLY

I COULD MANAGE THAT MANY THANKS TO PIKASHA'S FEATHER

SFX: HEHEHE...

I WAS ALSO GOING TO VISIT IT SOON TO SEE SOME SIGHTS

BUT IT'S TIME TO GET TO WORK

YUP

OH, EARTH, LONG TIME NO SEE

YUP, LONG TIME, I'VE BEEN TO THE FAIRY KINGDOM RECENTLY

AND, LASTLY, I WENT TO THE SMITHY

OKAY, FIRST I NEEDED TO SMELT THE ORE INTO INGOTS

FIRST, I MELTED EACH ORE IN THEIR OWN HEARTH

REMOVED THE IMPUR -ITIES, HARDENED TWICE AND STARTED THE MOULD

AFTER A LITTLE TIME

ALL THE ORE I HAD ON HAND WAS MADE INTO INGOTS

RIGHT AFTER THAT, I MADE "TWISTER ARROW" HEADS OUT OF THE STEEL

THANKS TO THE SYSTEM, THAT LETS ME MASS-PRODUCE ARROW HEADS AFTER MAKING IT ONCE, THE PRODUCTION OF AROWS WENT FAST

I'VE MADE AROUND 4000 OF THOSE TO BE ON THE SAFE SIDE

AND FROM THEN ON IT WAS TIME TO INVENT A NEW ITEM

FIRST I THINNED OUT SOME LIGHT METAL AND MADE TWO LONG PLANKS

I PLACED THOSE ON THE BELLY OF THE X-BOW LIMBS TO RAISE THEIR RESILIENCY AND STRENGTH

STILL, IT WOULD CAUSE WEIGHT PROBLEMS, SO I HAD TO MAKE THOSE PLANKS ULTRA THIN

THOUGH AFTER THIS PROCESS, THE X-BOW WOULD LOOK LIKE SOME ECCENTRIC FIDDLE WITH 2 CROSSED LIGHT METAL PLANKS...

THOUGH IT'S BASE IS STILL WOODEN

THEN, I'VE HAMMERED AND WEIGHED THOSE SEVERAL TIMES

AND AFTER REPEATING THAT FOR ABOUT AN HOUR AND A HALF...

THE LIGHT METAL PLATING WAS FINISHED AT LAST

·· VISUAL ·· APPROXIMATION

[LIGHT METAL-COATED X-SHAPED HUNTING BOW]
METAL REINFORCED BOW WITH IT'S DURABILITY AND POWER RAISED.
AS A RESULT, IT'S WEIGHT HAS INCREASED A LITTLE.
EFFECT: ATK +55 PRODUCTION QUALITY: G

AFTER THE REINFORCE -MENT WAS COMPLETED, I CHECKED THE WEIGHT OF THE X-BOW

IT WAS REALLY A LITTLE HEAVIER, BUT STILL TOLERABLE

THE OFFENSIVE ABILITY HAD A +9 RAISE FROM 46, SO IT BECOMES A GREAT BOW

YOU NEVER SEIZE TO DELIVER, DO YOU

WOAH!?

OH-OH, YOU'VE REINFORCED YET ANOTHER WEAPON

DON'T SCARE ME, PLEASE, CHIEF

THERE'RE SOME GUESTS HERE FOR YOU

PEOPLE SAY, THAT IT WAS, PROBABLY SET TO OPEN AFTER A CERTAIN AMOUNT OF SECRET BOSSES WERE DEFEATED

YUP, ITS ENTRANCE HAS OPENED SUDDENLY AT THE BOTTOM OF THE "CHALLENGE FROM THE UNDERWORLD"

[VICE GUILD MASTER OF "CHRYSTAL RAIN" GUILD, SEEKING ALLIANCE WITH "APOLLO'S BOW": NOAH]

[APOLLO'S BOW] GUILD AREA

AN UNDER-DUNGEON?

BUT WHAT ARE THE DUNGEON'S FEATURES?

IF YOUR MAIN WEAPON IS SHORT SWORD - THEN YOU TAKE ONLY A SHORT SWORD

IF LANCE - ONLY LANCE, LIMITED TO PARTIES OF SIX

TIME LIMIT IS 2 HOURS, THE AIM IS THE 6TH LOWER FLOOR

THOSE ARE THE RULES

THE WEAPON LIMIT... AND THE TIME LIMIT ARE APPLIED TILL THE 6TH LOWER FLOOR.....

ON EACH FLOOR MONSTERS, THAT YOUR WEAPON IS WEAK AGAINST APPEAR, RIGHT?

CORRECT, FOR THE SHORT-RANGE WEAPONS - THE MAGICIAN CLASS MONSTERS SPAWN

FOR MAGICAL WEAPONS, RANGED MONSTERS

FOR THOSE, WHO HAVE ARCHER AS THEIR MAIN CLASS, TANK TYPE MONSTERS APPEAR

IT SEEMS, MONSTERS, THAT CAN PETRIFY, ALSO COME

A SPECIALIST WITH A PETRIFIED WEAPON IS ALL BUT DONE FOR

THEY'VE ROLLED OUT ANOTHER TROUBLE -SOME DUNGEON

AND, WHY DID YOU CALL FOR ME?

UHUM, NOW I SEE HOW IT'S TROUBLE -SOME

THROWING DAGGERS ARE THE MOST POPULAR, THERE'RE WHIPS, MAGIC GLOVES AND RINGS, FIGTHTER GLOVES ETC

THAT'S WHY, SINCE IT'S POSSIBLE TO HAVE A SUB-WEAP ON, MANY PEOPLE CARRY THOSE

IT'S IMPOSSIBLE TO CHANGE YOUR GEAR AFTER ENTERING THE DUNGEON

SFX: LOOK

チャリン

REALLY?

[S-SHAPED LONGBOW]
EFFECT: ATK +29
PRODUCTION QUALITY: 8

FIRST, TAKE A LOOK AT THE LONG BOW I USE

LOOK AT THE BOW I'VE MADE JUST RECENTLY

IT'S CLASS IS SOME -THING LIKE A HUNTING BOW

.....

FURTHER -MORE, A LONGBOW, THAT SHOULD HAVE SUPERIOR OFFENSIVE ABILITY!?

IS THIS WHAT MASTER OF A LEADING ARCHERS' GUILD, SPECIALIZED IN BOWS USES?

SO YOU WANT TO REQUEST A BETTER LONGBOW

...THEN YOU SHOULD BE READY TO PROVIDE THE MATERIALS

AND THIS...UNIQUE SHAPE I WONDER IF ANYONE BESIDES ITS OWNER CAN USE IT.....

HUH!? IT SHOULD BE WEAKER THAN A LONGBOW, BUT THIS HUNTING BOW IS SO MUCH STRONGER THAN MY BOW!?

ARE YOU AWARE, THAT AFTER YOUR BATTLE AGAINST THE FAIRY QUEEN, THERE WAS A SUDDEN INFLUX OF ARCHERS

--ACTUALLY, THE SITUATION WITH RESOURCE DEFICIENCY HAS HIT US HARD TOO

UH, I RECALL THAT, I WANTED TO HAVE SOME BREATHING SPACE AND GOT AWAY FOR AWHILE

SO THEY HAD NO SKILLS IN BOW-MAKING AND MR. EARTH WAS NOWHERE TO BE FOUND

BUT, YOU SEE, BEFORE THAT, CARPENTERS WERE REFERRED TO AS STAFF-MAKERS

AND THE CARPENTERS STARTED PROVIDING BOW -MAKING SERVICES

SOON MANY OF THEM REALISED THAT THE QUALITY OF THE SHOP-SOLD BOWS WERE LACKING

AYAME'S BOW IS THE BEST OF THE ONES, AVAILABLE IN THE MARKET

AND AS THE BOW-MAKING NOWADAYS CONSUMES A LARGE AMOUNT OF WOOD

WE UNDER-STAND THAT RESOUR-CES BECOME SCARCE

BUT COULD YOU, PLEASE, PROVIDE AT LEAST ONE?

TO CHALLENGE THE UNDER-DUNGEON EVEN ONLY ONE WOULD DO

UH-HUM

I HAVE JUST ENOUGH RESOUR-CES

AND I'VE NEVER MADE A LONG-BOW

THAT'S PRETTY HARD...

I'LL NEED SOME TIME...A FEW DAYS

IF THE ATK OF THIS BOW IS 35-40, IT'S GOING TO COST YOU 40000 GOLS

IF 40 OR MORE, I REQUIRE 80000 GOLS

IT MAY SEEM OVER-PRICED

BUT, AS THINGS STAND, I'LL BE IN A PINCH

I UNDER-STAND IT IS MUCH TO ASK...

NOAH, YOU SHOULD ALREADY KNOW, THAT WHEN A FIGHTERS' ABILITIES ARE LIMITED BY THEIR WEAPONS, EVEN SLIGHT INCREASED WEAPON'S STRENGTH PROVIDES AN IMPACT

ISN'T A PRICE LIKE THIS, SUITABLE FOR SUCH A POSSIBILITY?

HEY... THAT'S REALLY A LOT!

THE ONE YOU USE, COST YOU 8000 GOLS, RIGHT!?

--RIGHT, THEN PLEASE, DO IT

!!

THIS WORLD MAY BE A GAME, BUT THOSE, WHO FIGHT HERE, ARE STILL PEOPLE

RIGHT, IT WOULD MOST CERTAINLY RAISE ALLIES' MORALE

I'VE NEVER MADE ONE BEFORE, BUT HAVING STUDIED AYAME'S BOW IS OF GREAT HELP

IT SHOULD BE EASIER TO LEARN, THAN MAKING STAFFS

A TROUBLE -SOME REQUEST, BUT AS I'VE TAKEN IT, I NEED TO ACCOMP -LISH IT PROPERLY

FIRST, I NEED TO PRATICE MAKING LONGBOWS

I'LL TAKE CARE OF THIS. NOW THEN...

THEN I'LL BE COUNTING ON YOU

*PRODUCTION QUALITY

OF COURSE, THE P.Q* WILL BE 1 OR 2 AT FIRST

THE FIRST PRIORITY NOW IS TO REMEMBER THE LENGTH AND THE SHAPE OF THE LONGBOW

THOUGH NOT WITHOUT HARD-SHIPS I'VE MADE THE FIRST ONE

THE NEXT DAY

I'VE STARTED WITH CUTTING SEVERAL BAD TREES IN THE OUTSKIRTS OF THE "FIRST" FOR PRACTICE

I'VE STARTED TO GET THE LENGTH AND BALANCE CLOSE TO THE SCREENSHOT I HAD OF AYAME'S BOW FROM YESTERDAY

NOW, THAT THE QUALITY HAS STARTED TO INCREASE

30 MINUTES AFTER THAT, THE QUALITY'S RISEN UP TO 4 AND SOME -TIMES, 5

THOUGH, IT'S MUCH BULKIER THAN A HUNTING BOW

THAT'S THE LONGBOW FOR YOU, THOUGH I'VE ONLY USED THE WORST MATERIALS, THE ATTACK POWER IS NOT THAT BAD

IN ANOTHER 30 MINUTES, I'VE MANAGED TO MAKE A QUALITY 7 LONGBOW

[LONGBOW]
EFFECT: ATK + 18
PRODUCTION QUALITY: 7

THE NEXT STEP IS REINFORCING THE BOW, MADE OF SOFT WOOD, BY STICKING PICES OF HARD WOOD FROM THE FOREST AREA TO ITS SIDES

I TRY MAKING IT WITH THE IMAGE OF A "PROTO -TYPE COMPOUND BOW" FROM BEFORE IN MIND

UHUM, WITH THIS, IF I HAVE A PRODUCTION QUALITY OF 8 I COULD PROBABLY REACH ATK +30

I SHOULD PROBABLY GO TO SLEEP AND CONTINUE TOMORROW

[PROTOTYPE COMPOUND WOODEN LONGBOW]
EFFECT: ATK +30
PRODUCTION QUALITY: 8

BECAUSE I HAD IT ROUGH BEFORE, I'VE LEARNT TO CONSERVE STAMINA BY MAINTAING BALANCE BETWEEN WORKING WITH MY HEAD AND HANDS

AFTER CUTTING 3 PLIES, SCRAPING AND POLISH -ING EACH OF THEM, I ADJUST THE SHAPE OF THE BOW, WHILE GLUING THEM TOGETHER

I FIX THE COMPOUND PART REINFORCE- MENT AND GO OVER THE WHOLE SHAPE OF THE BOW FOR A FEW TIMES

TO RAISE THE PRODUCTION LEVEL OF THE "PCWL" I'VE MADE YESTERDAY AT THE WORKSHOP I SLOWLY BEGIN WORKING ON THE SMALL DETAILS

THE NEXT DAY

FIRST I NEED TO GO TO THE FOREST AND FIND MYSELF SEVERAL LOGS

*PROTOTYPE COMPOUND WOODEN LONGBOW

[PROTOTYPE COMPOUND WOODEN LONGBOW]
EFFECT: ATK +30
PRODUCTION QUALITY: 8

NICE!

NOW I CAN AT LAST ADVANCE TO THE NEXT STEP

NEXT I NEED TO MAKE 2 SEMI-CIRCULAR GROOVES IN THE BACK OF THE BOW

I NEED TO EMBED 2 SEMI-CIRCULAR-SECTIONED LIGHT METAL RODS INTO THESE GROOVES

THIS WAY, I'LL BE ABLE TO ATTACH LIGHT METAL WITHOUT WRAPPING THE BOW

OF COURSE, THE EFFECT WILL BE LESS, COMPARED TO FULLY WRAPPING IT

BUT IT'S THE BEST I CAN DO WITH WHAT I HAVE ON HAND

SO, AFTER CARVING OUT THE GROOVES, I'M HEADING TO THE SMITHY

TO MAKE RODS OF THE SAME LENGTH AND DIAMETER AS THE GROOVES ARE

Smithy

FAILURE IS NOT AN OPTION, SINCE I DON'T HAVE ANY MORE METAL

I PUT THE LAST OF MY LIGHT METAL INGOTS INTO THE HEARTH, LIQUEFY THEM AND POUR INTO THE MOULDS TO GET 2 LONG AND THIN SEMI-CIRCULAR RODS

SFX: KNOCK X2

THEN I WAIT FOR THEM TO COOL DOWN A BIT AND CHECK IF THEY'RE HARD ENOUGH

AFTER THAT, I CAREFULLY WRAP THE HANDLE WITH THIN STEEL THREAD

AND REIN-FORCE THE REST WITH STEEL RINGS

AND THEN I HAMMER THEM IN PLACE, WHERE THEY STILL STICK OUT, TO FIT THEM SNUGGLY IN

AFTER TAKING THEM OUT OF THEIR MOULDS, I PUT THEM INTO 2 RESPECTIVE GROOVES IN THE BOW

I ADD STEEL SEERS TO THE ENDS OF THE BOW ARMS

BUT THE X-BOW DIDN'T HAVE THE "REDUCED DURABILITY" STATUS, WHEN I WAS INHUMANELY MODDING IT, SO IT'S FINE

THE DURABILITY WAS REDUCED, BECAUSE THE BASE COARSE WOOD HAD TO PUT UP WITH MUCH REMODELLING

WITH THIS, THE ATK HAS RISEN UP TO +38

[PROTOTYPE COMPOUND WOODEN LONGBOW, REINFORCED WITH LIGHT METAL]
EFFECT: ATK +38
PRODUCTION QUALITY: 7

IT'S BECOME PRETTY HANDY

AND OVERALL WEIGHT IS MUCH LOWER, COMPARED TO MY X-BOW

AND TO FINISH IT, STEEL SEERS SIT AT BOTH ENDS

AND THOSE SEERS END WITH STEEL BOWSTRING HOOKS

SIDES OF THE BOW ARE COVERED WITH BLACK WOOD AND THE CENTRE MADE OF WHITE ONE

AND THIS WHITE PORTION LINED LENGTH-WISE WITH 2 BLUE LIGHT METAL STRIPS

SFX: BEFORE
ビフォア
AND REMAKE IT FROM A GOOD PIECE OF WOOD I'VE GATHERED ON THE OUTSKIRTS OF NEXIA

SFX: AFTER
アフター
I MAKE IT A BIT THICKER, LIKE THIS
TO BURY THE METAL RODS INTO THE BASE WOOD PART
IT'S TIME TO GIVE IT A FINISHED, MARKET -ABLE, LOOK

AFTER THE BASE OF THE BOW'S BEEN TAKEN CARE OF, I NEED TO DEPLOY THE LIGHT METAL AND STEEL PARTS

THEN I CHECK IF THERE'RE ANY PROBLEMS WITH THE GROOVES FOR THE RODS
THE BOWS, THAT ON THE MARKET NOWADAYS ARE PRESERVED WITH LACQUER
TO CHECK FOR HOLLOW SPOTS
I CHECK IF THE FINISHED WOODEN PART SOUNDS GOOD

I POLISH THE SEERS A BIT AND PLATE THEM WITH SILVER
THEN, I SET THE SEERS WITH BOWSTRING HOOKS AT THE ENDS OF THE LIMBS

LIKE WITH THE PROTOTYPE, I CAREFULLY WRAP THE HANDLE WITH SOME STEEL THREAD TO REINFORCE IT AND ALSO INSTALL THE GRIPS
AFTER THE LACQUER HAS DRIED UP, I REINFORCE IT WITH LIGHT METAL

MAKING IT TOOK PRETTY LONG, BUT IT'S READY AT LAST

THE OFFENSIVE ABILITY HAS SOMEHOW RISEN OVER 45

IT SHOULD BE AT THE LEVEL, WHERE IT CAN BE USED WITH EASE

[WOODEN COMPOUND BOW. LINED WITH LIGHT METAL]
A BOW, REINFORCED WITH METAL.
HAS AN ELEVATED DURABILITY AND POWER PROPERTIES, WHICH IS COMPENSATED FOR BY BEING HEAVIER.
EFFECT: +47 PRODUCTION QUALITY: 7

BUT WITH THIS, I'VE REALLY EXHAUSTED MY SUPPLIES OF LIGHT METAL AND QUALITY WOOD

IT'S CLOSER TO 150000 THAN 80000 AT THIS POINT, BUT BREAKING PROMISES WON'T DO

I'M THE ONE TO BLAME FOR THIS MISCAL -CULATION

VOLUME 2 OF THE COMIC BOOK IS HAVING A REPRINT, THANK YOU FOR YOUR SUPPORT!!

WELL .....

THE SELLING DAY IS TOMORROW, SO I'LL SEND AYAME A MESSAGE TODAY AND GO TO SLEEP

I'M SURE WORN OUT.....
